Colen Flash–Review: Neurology:

The most comprehensive set of high yield board review question and answer flashcards! A wealth of information on neurology and neurobehavioral topics...

Volume I: Neurobiology, Neuropathology, Ethics & Biostatistics

FULL COLOR
ILLUSTRATIONS!

- This Flash-Review was specially developed for Boards preparation.
- The **Q/A format** may be used as an excellent study tool as well as an exceptional reference with in-depth explanatory answers.
- **400-plus illustrations** show the types of images you'll see on the Boards.
- **High-Yield Boards** questions are highlighted for more effective study.

With ever increasing scope and complexity of knowledge base, the current day trainee or practitioner of neurology and neurosurgery finds it difficult to keep up with the explosion of neurological information... Each card represents a mini-examination with instant access to appropriate answers...

This is a fun way to recall neurological information especially before an upcoming test.

Setti S. Rengachary, M.D.
Dept. of Neurological Surgery

Infinite possibilities to learn...
